

LandCruiser Prado

Rugged elegance

TOYOTA

toyota.com.au

Oh what a feeling!

There's a spirit that runs through Toyota. It's a feeling of achievement. It pushes us. Inspires us.

— It's what saw us mass produce the first dedicated hydrogen fuel cell vehicle, the Mirai, and what will see us define the very future of movement. Our Japanese founders called it 'Kaizen,' but we simply call it 'continuous improvement.' A relentlessness to always move forward, never settle for good enough.

And here's the exciting part, this feeling of achievement is yours to experience. Life changing moments, just waiting to be told. Whether it's the thrill of experiencing the latest in technology, venturing somewhere completely new or simply spending more time with your family. That sense of achievement, whatever form it comes in, will be a feeling you never forget.

This is a journey for which we don't know the destination, but looking back at how far we've come, it's safe to say tomorrow looks exciting beyond imagination.

“

We are a group of passionate perfectionists who can't let well enough alone...

That's Toyota.

That's the spirit.

*And that's our contribution to the world.
We will be the best we can.*

*And we will help as many as
we can to be the best they can...*

— Eiji Toyoda

Go anywhere in style

When you consider the many challenges of a modern lifestyle, dropping the kids at school can now be as treacherous as negotiating a mountain pass. Which is why Prado has been designed to provide refined comfort, rugged dependability

Front cover and this page: Kakadu model shown

and smooth driving, whether in town, off-road or out on the highway.

Boasting bold, contemporary and head turning style, Prado is also purpose built to give you plenty

of 4WD muscle to handle the tough stuff and tow heavy loads. All smartly combined with an abundance of intelligent features and outstanding creature comforts to help make sure you arrive safe, refreshed and relaxed, whatever the destination.

VX model shown

Beauty never looked so tough

Kakadu model shown

The highly refined exterior lines of Prado have not occurred by chance. Every element has been painstakingly designed to serve a specific purpose.

The GXL, VX and Kakadu feature sophisticated chrome vertical grille bars to give an assured presence on the road. With powerful halogen headlamps on the GX, stylish LED headlamps on the GXL, VX and Kakadu and LED Daytime Running

Lamps (DRLs) standard across the range, the path ahead will be bright even on the darkest of nights.

Particular attention has been paid to refining Prado aerodynamics. Airflow is efficiently redirected around the front bumper, the tyres and wheel housings. It's channelled under the car and over the roof to smoothly exit behind the vehicle while the aero-stabilising fins support airflow past

the outer mirrors and rear lights. Even air flowing through the radiator is carefully deflected to reduce turbulence.

Then should the weather take a turn for the worst, the rain sensing wipers on VX and Kakadu models will automatically spring into action.

Kakadu model shown

Find everything at your command

Cast your eyes forward from within Prado, and you'll notice every feature and control has been placed for maximum practicality and visibility.

On Kakadu models the centre console incorporates the controls for all off-road functions, so it's easy to select what you need, precisely when you need to. At the flick of a switch, Kakadu's Drive Mode Select lets you change between five different drive modes for optimum performance in all conditions.

Every switch is illuminated to catch your eye in all driving conditions. An electroluminescent combimeter with enhanced backlighting presents vital information to drivers in the GX and GXL (automatic only), VX and Kakadu. It features a colour Multi Information Display (MID) with four separate zones of information, including trip information, ride and transmission settings, outside and travel conditions and details of many vehicle operations and drive functions.

All models come with satellite navigation¹ as standard, so wherever you're heading, you'll find it a breeze to get there.

Electroluminescent combimeter – Automatic models only

Multi-Terrain Monitor,² underfloor view – VX and Kakadu only

Comfort to master every situation

GXL model shown

Whether in traffic, out in the wild, on holiday or a family weekend away, you'll always be travelling first class in Prado. It begins with the smart entry and start system, allowing you to unlock and get going while the key remains in your pocket or bag.

Gently grip the premium steering wheel on the GXL, VX and Kakadu, and you'll find the switches for cruise control, audio and phone functions at your fingertips.

You'll always stay comfortable in heated and ventilated front row seats as well as heated second

row outer seats in the Kakadu and VX (both also available on GXL with leather accented option pack). When things start heating up, air-conditioning with a clean-air filter will keep you cool, featuring automatic 3-zone comfort on GXL, VX and Kakadu models, including a separate rear control panel.

With a minimum of nine and a maximum of fourteen speakers, Prado sounds as good as it looks. Experience breathtaking audio quality from CD, radio and your iPod,³ as well as advanced connectivity via Bluetooth^{®4} with audio streaming or via a USB input.⁵

And all can be operated using simple touchscreen control.

Rear passengers in the Kakadu can also enjoy video entertainment provided by the integrated Blu-ray™ player with a large 9" colour monitor, while listening on wireless headphones. The luxurious touches even extend to a refrigerated cool box in the VX and Kakadu centre console with space for four 500ml bottles.

Kakadu model shown

Now go and get rough

When the time comes to farewell the bitumen and head off-road, Prado is built to take you there and safely back again. With Variable Flow Control (VFC) power steering, you'll always have the ideal feel and level of assistance to suit the conditions.

The double wishbone front and 5-link rear suspension provide excellent handling stability and comfort even when the going gets rough. The Kinetic Dynamic Suspension System (KDSS) on the Kakadu model hydraulically controls the suspension to provide gentler behaviour. The Adaptive Variable Suspension system (AVS) on the Kakadu also allows you to choose from three modes to dampen the shock absorbers to suit particular driving conditions.

You'll also appreciate the advanced off-road assistance of Active Traction Control (A-TRC) to help eliminate wheel spin on slippery surfaces by automatically distributing the power to the tyres with the best grip. When faced with heading up or down steep slopes, Hill-start Assist Control (HAC)⁶ and Downhill Assist Control (DAC)⁶ (both available on automatic only) will help reduce rolling backwards or descending too fast and getting out of shape.

The Kakadu also features crawl control⁷ to allow you to maintain a low constant speed on challenging surfaces by automatically and independently controlling both engine power and brake input to each wheel. The Multi-Terrain Select system (MTS) on Kakadu is an evolution of the A-TRC function and allows you to select grip assistance according to the terrain. Plus the rear differential lock, available on GXL (automatic), VX and Kakadu, can be activated to further optimise grip.

Keeping you in touch with the situation, the Multi-Terrain Monitor (MTM)² on VX and Kakadu allows the driver to get a close look at the conditions right around the vehicle.

Centralised switch module – Kakadu only

Multi-Terrain Monitor² – VX and Kakadu only

Downhill Assist Control⁶ and Hill-start Assist Control⁶ – Automatic models only

The power and the glory

Every Prado is equipped with a 2.8 litre turbo diesel engine, delivering a silky smooth 130kW of direct-injected power⁸ and an awesome 450Nm of torque⁸ (automatic only), so you'll have the grunt to tackle the muddiest trails. Make the most of Prado's 3,000kg braked towing capacity⁹ (automatic models), with peace of mind that you've got all the muscle you ever need for all your adventures.

Even with such impressive performance, this engine also delivers sufficient fuel efficiency with 8.0L/100km for the automatic transmission¹⁰ and 7.9L/100km for the manual transmission^{10,11} or around 1,700km per tank, for the 6-speed manual transmission.

Safety throughout

Wherever your Prado takes you, an incredible array of safety features will protect you. The 'Safe T-Cell' body is designed to take impact from the front, rear and sides. Seven SRS airbags, including full-length side curtain-shield airbags, help provide you with all round protection.

Vehicle Stability Control (VSC), Anti-Lock Braking System (ABS) and Traction Control (TRC) work together to help correct any potential oversteer or understeer when cornering, while Electronic Brake-force Distribution (EBD) automatically puts more braking force on the wheels that need it most. If you're towing, Trailer Sway Control (TSC) uses sensors to suppress sway triggered by elements including wind, bumpy roads and the steering operation.

The reversing camera⁶ provides clear vision of what's behind, with a Back Guide Monitor (BGM) on the VX and Kakadu. On the GXL, VX and Kakadu, parking sensors⁶ signal how close you are to any obstacle, and on the VX and Kakadu, Blind Spot Monitor⁶ (BSM) uses radar to provide a visual warning if another vehicle is detected in a blind spot, while Rear Cross Traffic Alert⁶ (RCTA) warns you of approaching traffic detected when reversing out of a parking space. The Panoramic View Monitor on the VX and Kakadu also provides a handy birds eye view display of the areas around your vehicle, making manouevring a breeze.

The added active safety benefits of Toyota Safety Sense¹² are also available as standard on all automatic models.

- A. Seven SRS airbags – Overseas model shown
- B. Blind Spot Monitor⁹ – VX and Kakadu only
- C. Trailer Sway Control
- D. Multi-Terrain ABS

Toyota Safety Sense

The road is an unpredictable place – you can never be certain of what dangers may lie ahead. Which is why we developed Toyota Safety Sense (TSS),¹² a multi-feature active safety package to help keep you and your passengers out of harm's way.

TSS incorporates Lane Departure Alert with steering assist, Pre-Collision Safety system with pedestrian detection, Automatic High Beam and Active Cruise Control.

With automated pre-collision warning and braking at its core, TSS uses intuitive technology to sense danger, providing greater reassurance to the driver and extra protection for passengers across a varying range of driving speeds and conditions.

Lane Departure Alert¹³

Lane Departure Alert (LDA) is designed to help prevent vehicles drifting from their lane, by monitoring road markings, and providing a visible and audible alert should it detect any deviation from the lane.

Pre-Collision Safety system¹³ with pedestrian detection¹⁴

Pre-Collision Safety system with pedestrian detection is developed to help reduce the likelihood of a frontal collision with cars and pedestrians. It includes a visible and audible alert of possible collisions, additional braking force to assist when you're braking, and if a collision is judged to be unavoidable, automatic braking to help mitigate the impact.

Automatic High Beam¹³

Using a camera to sense either approaching headlights or the tail lights ahead, Automatic High Beam is designed to help you maintain safe and considerate driving by switching between high and low beam as needed.

Active Cruise Control²

Active Cruise Control is designed to help keep a constant distance between vehicles. It uses a milliwave radar to monitor the gap between your vehicle and the one in front, automatically accelerating or slowing down when needed to help you maintain a set distance.

Prado GX

- 2.8L turbo diesel engine
- 6-speed automatic or 6-speed manual
- 17" alloy wheels
- Halogen headlamps and LED Daytime Running Lamps (DRL)
- Heated and retractable side view mirrors
- Cargo blind
- 150L fuel tank (87L main tank + 63L sub tank)
- 3,000kg braked towing capacity⁹ (automatic only)
- Smart entry and start system
- 4.2" Coloured Multi Information Display (automatic only)
- 8" colour touchscreen display with Toyota Link¹⁵
- 9 speaker audio system with CD player, AM/FM tuner, AUX input⁵ and USB input with iPod³ and Bluetooth⁴ connectivity
- Satellite navigation¹ with SUNA™ traffic channel¹⁶
- Reversing camera
- Toyota Safety Sense (automatic only): Pre-Collision Safety system with pedestrian detection,¹⁴ Lane Departure Alert, Automatic High Beam, and Active Cruise Control
- 5 seats (7 seats option on automatic)
- Diesel Particulate Filter (forced burn off) switch

Smart entry and start system

Satellite navigation¹

Prado GXL

3-zone climate control air conditioning

Side steps

In addition to, or in replacement of, GX features:

- 7 seats only (as standard)
- Bi-LED headlamps and LED fog lamps
- Privacy glass
- Premium steering wheel with audio and telephone controls
- 3-zone climate control air conditioning
- Rear differential lock (automatic only)
- Rear parking sensors
- Optional leather accented pack (automatic only): power front seats, heated seats (front and second row outer) and ventilated seats (front row)
- Optional flat tail gate pack (automatic only): flat tail gate, glass hatch, full size spare underneath vehicle, 87L fuel tank

Optional leather accented pack

Prado VX

Heated and ventilated seats

Refrigerated cool box

In addition to, or in replacement of, GXL features:

- 6-speed automatic transmission only
- 18" alloy wheels
- Automatic headlamps (light sensitive)
- Auto-levelling headlamps
- Illuminated side steps
- Rain sensing wipers
- Leather accented seats
- Heated seating (front and second row outer seats)
- Ventiladed seats (front row)
- Auto-dimming rear view mirror
- Refrigerated cool box
- Premium JBL®¹⁸ 14-speaker audio system
- Digital Radio¹⁹ (DAB)
- Back Guide Monitor
- Front and rear parking sensors (8-head kit)
- Panoramic and Multi-Terrain Monitor
- Blind Spot Monitor
- Rear Cross Traffic Alert
- Optional flat tail gate pack: flat tail gate, glass hatch, full size spare underneath vehicle, 87L fuel tank

Panoramic view monitor⁶

Prado Kakadu

Tilt and slide moonroof

Blu-ray™ rear seat entertainment system

In addition to, or in replacement of, VX features:

- Kinetic Dynamic Suspension System (KDSS)
- Multi-Terrain Select system (MTS)
- Crawl control
- Drive mode select
- Tilt and slide moonroof
- Premium woodgrain-look steering wheel with audio, Multi Information Display and telephone controls
- Power fold down third row seats
- Blu-ray™ rear seat entertainment system with three wireless headsets
- Optional flat tail gate pack: flat tail gate, glass hatch, full size spare underneath vehicle, 87L fuel tank

Drive mode select

Colours to match the mood

Being equally at home in town or country, Prado offers you a choice of nine vibrant colours. So you can blend in with the scenery, or stand out from the crowd.

Sophisticated space inside

When travelling in any environment, on any driving surface, the seating in Prado means

you'll always be riding in style. The seven-seat configuration (optional on the GX automatic) features a 40/20/40 split sliding second-row and a 50/50 split fold flat third row to allow a wide range of configurations to handle all types of loads – from seven people to everything for a family adventure and anything in-between. The folding third-row seats and the reclining

seatbacks are all power operated on Kakadu. Second-row passengers will also enjoy excellent legroom and there's easy access to the third-row thanks to the slide and walk-in functions. And in the VX and Kakadu models (and optional on the GXL automatic), you'll also enjoy the luxurious appeal of leather accented seats as well as the style of double outer stitching.

Beige leather accented seats – Kakadu model shown

Start your adventure now

GXL model shown accessorised with Toyota Genuine commercial bullbar, snorkel, aero roof racks, alloy roof tray and tinted bonnet protector. All accessories are sold separately. Fresh water crossing shown.

Because Prado feels right at home in virtually any location or situation, we've developed a range of Toyota Genuine Accessories²¹ to perfectly match your lifestyle. Make the most of Prado's offroading capabilities and protect it from the elements, or take advantage of its 3,000kg braked towing capacity⁹ (automatic models), all the while looking ruggedly stylish.

Toyota Genuine Accessories have undergone extensive development to ensure a perfect fit with your Prado. Drive safe in the knowledge that your bullbar has been rigorously tested, including computer modelling and physical testing to replicate a large animal impact, and crash tests to ensure correct airbag deployment with a bullbar fitted. You can enjoy a safer towing experience with the Toyota Genuine tow bar, tow ball and trailer wiring harness, knowing that your tow bar

has been strength tested in vertical, horizontal and longitudinal directions, using a hydraulic ram.

We've optimised the entire range of Toyota Genuine Accessories to our strict quality and performance standards, so your accessories are better equipped to withstand all the adventures you throw at them.

To find out more, go to toyota.com.au/prado

The Toyota Advantage

Every Toyota gives you a lifetime of advantages. That's what makes it a Toyota. You'll enjoy legendary Toyota value from the moment you drive away, and you'll continue to appreciate the quality, safety and innovation that's engineered into each model, every day you drive.

Discover the full range of products and services and find your nearest Dealer at toyota.com.au

Discover the freedom of Toyota Access²²

Toyota Access puts you in complete control when buying a new car, with lower monthly repayments.²³ Drive out of the Dealership with a clear road ahead then drive back a few years later with more options at your disposal than ever before. Whatever stage you're at in life, Toyota Access puts you in the driver's seat with flexibility and assurance. To discover Toyota Access for yourself visit toyota.com.au/toyota-access

Capped price servicing²⁴

A new Toyota means you don't have to worry about unexpected service costs. Every Toyota comes with a low, capped price service cost for a set number of years/kilometres. Pay the same low capped price from one eligible logbook service to the next for up to three years or 60,000km, whichever occurs first (including Genuine parts, labour and fluids). For the full benefits consult a Toyota Dealer or visit toyota.com.au/advantage

Toyota Warranty Advantage

Every new Toyota is built to exceptional standards, and from 1 January 2019, Toyota vehicles are backed by a five year/unlimited kilometre warranty.²⁵ If your vehicle is properly serviced and maintained per its Warranty and Service Book, we'll extend your engine and driveline warranty for an additional 2 years,²⁶ giving you peace of mind for years to come. In the event of a claim covered by warranty, you are covered by a 60 day money back guarantee

and 7 years emergency assistance including expenses related to car hire, towing or even accommodation if required. For more information visit toyota.com.au/owners/warranty

Finance to get you going

If you need a little help, Toyota Finance²⁷ can offer you a wide range of vehicle financing options. With Toyota Finance, you'll have the peace of mind of dealing with one of Australia's leading vehicle finance corporations with over 30 years experience. And with a range of flexible products and services to suit almost every need and circumstance, Toyota Finance can help find the right package for you or your business.

Insurance options

Our Comprehensive Motor Vehicle insurance policy is packed with great benefits including; agreed value cover, new vehicle replacement if your Toyota is written off within the first three years, use of Toyota Genuine Parts, and a Lifetime Repair Guarantee on repairs authorised by Toyota Insurance.²⁸ For more information visit toyota.com.au/insurance

Extend your peace of mind

Whether it's a flat tyre, lost keys or a flat battery, Toyota Roadside Assist²⁹ is never more than a phone call away. Available 24 hours a day, seven days a week, our technicians are there to help you get back on the road. For more information visit toyota.com.au/insurance/roadside-assistance
